Arizona State University | Tempe / Phoenix, Arizona

Sponsor and Exhibitor Information

The Coalition for Global Hearing Health (CGHH) invites you to become a sponsor and exhibitor at its 10th Annual International CGHH Conference.

The World Health Organization estimates that more than 360 million people in the world suffer from disabling hearing loss. Most of these people are living in low-resource countries. The purpose of the Coalition for Global Hearing Health is to advocate for hearing health services and policies; to equip and empower hearing healthcare professionals, families, educators, communities, and those with hearing loss; and to encourage and perpetuate best practices. Be part of this cutting edge conference by providing information about your services or products that relate to the mission of the CGHH to promote and enhance hearing health services in low-resource communities.
